

**RARE EARTH ELEMENTS IN HIGH-TECH INDUSTRIES: MARKET ANALYSIS AND
FORECASTS AMID CHINA'S TRADE EMBARGO**

Table Of Contents

Chapter 1	Introduction	1-1
1.1	Rare Earth Element Characteristics	1-1
1.2	Rare Earth Element Resources	1-4
1.3	Overview of Rare Earth Element Applications	1-9
Chapter 2	Rare Earth Industry	2-1
2.1	China' Rare Earth Industry	2-1
2.1.1	China's Production	2-2
2.1.2	China Rare Earth Production Structure	2-5
2.1.3	China Rare Earth Consumption Structure	2-9
2.1.4	China Export of Rare Earths	2-11
2.1.5	Recent Activities Of China's Rare Earth Industry	2-18
2.1.5.1	Consolidation Of China's Rare Earth Industry	2-18
2.1.5.2	Export Quotas	2-20
2.2	Rest Of World's Rare Earth Industry	2-20
2.2.1	UNITED STATES	2-21
2.2.1.1	Mountain Pass	2-21
2.2.1.2	Utah Rare Earth Project	2-25
2.2.1.3	Bear Lodge Rare-Earth Project	2-27
2.2.1.4	Elk Creek	2-30
2.2.1.5	Bokan-Dotson Ridge	2-32
2.2.1.6	Diamond Creek	2-33

2.2.1.7	Lemhi Pass	2-35
2.2.2	CANADA	2-37
2.2.2.1	MacLeod Lake Project	2-37
2.2.2.2	Hoidas Lake	2-37
2.2.2.3	Benjamin River Project	2-38
2.2.2.4	Douglas River Project	2-40
2.2.2.5	Nechalacho Rare Earth Element Project	2-41
2.2.2.6	Archie Lake	2-47
2.2.2.7	Bulstrode Rare Earth Property	2-48
2.2.2.8	Mount Copeland	2-49
2.2.2.9	Cross Hills Newfoundland	2-50
2.2.2.10	Kipawa	2-51
2.2.2.11	Strange Lake	2-52
2.2.2.12	Ytterby	2-52
2.2.2.13	Grevet REE	2-54
2.2.2.14	Turner Falls	2-55
2.2.3	SOUTH AFRICA	2-56
2.2.3.1	Steenkampskraal Mine South Africa	2-56
2.2.4	AUSTRALIA	2-57
2.2.4.1	Nolans Bore	2-57
2.2.4.2	Mount Weld	2-60
2.2.4.3	Jungle Well/ Laverton	2-62
2.2.5	GREENLAND	2-62
2.2.5.1	Kvanefjeld Project	2-62
2.2.6	ARGENTINA	2-65
2.2.6.1	Cueva del Chacho	2-65
2.2.6.2	Susques Property - Jujuy Province	2-67
2.2.6.3	John Galt Project	2-68

2.2.7	INDIA	2-69
2.2.7.1	Indian Rare Earth	2-60
2.2.8	RUSSIA	2-70
2.2.8.1	Kutessay II	2-70
2.3	Profiles of Mining Corporations	2-72
Chapter 3	Rare Earth Market Analysis	3-1
3.1	Overview	3-1
3.2	Rare Earth Market	3-4
3.2.1	Domestic Production and Consumption	3-4
3.2.2	China Production and Consumption	3-10
3.3	Global Rare Earth Market Analysis	3-15
Chapter 4	Impact on Hi-Tech Applications	4-1
4.1	Overview	4-1
4.1.1	Rare Earth Market By Application	4.1
4.1.2	NdPr Magnets	4.4
4.2	Semiconductors	4-10
4.2.1	Technology Impacted	4-10
4.2.1.1	High-k Dielectrics	4-10
4.2.1.2	Polishing Powders	4-13
4.2.2	Rare Earth Material Used	4-16
4.2.3	Market Forecast of Impacted Semiconductor Devices/Materials	4-16
4.3	Hard Disk Drives (HDDs)	4-19
4.3.1	Technology Impacted	4-19
4.3.1.1	Neo Magnets for HDDs	4-21

4.3.1.2	High Strength Glass Substrates	4-23
4.3.1.3	Polishing Materials	4-23
4.3.2	Rare Earth Material Used	4-24
4.3.3	Market Forecast of Impacted HDD Devices/Materials	4-25
4.4	Mobile and Mobile Internet Devices	4-29
4.4.1	Technology Impacted	4-29
4.4.2	Rare Earth Material Used	4-29
4.4.3	Market Forecast of Impacted Mobile Devices/Materials	4-30
4.5	Solid State Lighting – LED/CFL	4-33
4.5.1	Technology Impacted	4-33
4.5.1.1	Phosphors for Light Emitting Diodes (LEDs)	4-33
4.5.1.2	Phosphors for Compact Fluorescent Lamps (CFL)	4-37
4.5.2	Rare Earth Material Used	4-41
4.5.3	Market Forecast of Impacted LED Devices/Materials	4-41
4.6	Green Technology	4-45
4.6.1	Technology Impacted	4-45
4.6.1.1	Magnets for Hybrid Vehicle Electric Motors and Brakes	4-45
4.6.1.2	Neo Magnets for Wind Turbines	4-47
4.6.1.3	Cerium for Catalytic Converters for Automobiles	4-51
4.6.2	Rare Earth Material Used	4-53
4.6.3	Market Forecast of Impacted Green Devices/Materials	4-56
4.6.4	Other Green Technologies	4-63
Chapter 5.	U.S Strategic Metal Perspective	5-1
5.1	The Application of Rare Earth Metals in National Defense	5-1
5.2	Rare Earth Resources and Production Potential	5-2
5.3	Supply Chain Issues	5-7

5.4	Rare Earth Legislation	5-9
Chapter 6	European Strategic Metal Perspective	6-1
6.1	Assessing Criticality	6-1
6.2	The 2020 EU Critical Raw Materials List	6-3
6.3	Current And Past Initiatives	6-5
Chapter 7	Rebuilding a U.S. Supply Chain	7-1
7.1	Materials Supply Chain Challenges And Opportunities	7-1
7.2	Impact of Price Hikes by Application	7-7
7.2.1	REE/REO Recycling In U.S.	7.7
7.2.1.1	Overall Process	7.7
7.2.1.2	Recycling RE Magnets	7-8
7.2.1.3	Recycling Phosphors	7-9
7.2.1.4	Company Programs	7.11
TABLES		
1.1	Selected Rare Earth Element Bearing Products	1-11
1.2	Rare Earths Elements And Some Of Their End Uses	1-13
2.1	World Mine Production and Reserves	2-8
2.2	Global Rare Earth Supply/Demand	2-10
2.3	China's Rare Earth Export Volume And Export Amount	2-12
2.4	Rare Earth Projects Outside China	2-16
3.1	U.S. Rare Earth Statistics	3-5
3.2	Rare Earth Prices	3-9

3.3	Rare Earth Elements: World Production	3-12
3.4	Rare Earth Oxide Demand-Supply	3-16
3.5	Rare Earth Composition By End Use	3-23
4.1	NdPr Oxide Supply Market Forecast	4-8
4.2	NdPr Oxide Demand Market Forecast	4-9
4.3	Forecast of Ceria CMP Slurry for Semiconductors	4-17
4.4	Market Forecast for Hard Disk Drives	4-26
4.5	Neodymium Consumption For Hard Disk Drives	4-27
4.6	Market Forecast For Ceria Slurry For Glass Disks	4-28
4.7	Shipment Forecast of Smartphones	4-31
4.8	Neodymium Consumption For Smartphones	4-32
4.9	Market Forecast of LEDs by Application	4-39
4.10	Demand of Rare Earths in LEDs	4-44
4.11	Shipment Forecast Of Electric Vehicles	4-57
4.12	Neodymium Consumption For Electric Vehicles	4-58
4-13	Shipment Forecast Of Internal Combustion Engine Vehicles	4-59
4-14	Ceria Consumption For Catalytic Converters	4-60
4-15	Shipment Forecast Of Wind Turbines	4-61
4-16	Neodymium Consumption For Wind Turbines	4-62
5.1	Rare Earth Elements: World Production And Reserves	5-5
7.1	NdFeB Permanent Magnet Supply Chain Steps	7-5
FIGURES		
1.1	Periodic Table Of Rare Earth Elements	1-2
1.2	Abundance Of The Rare Earth Elements	1-5
1.3	Rare Earth Production Since 1950	1-8
1.4	China's Rare Earth Dominance	1-10

2.1	Rare Earth Proportion And Distribution In China	2-3
2.2	Production Of Rare Earth Concentrates Since 1987	2-6
2.3	Production Of Rare Earth Oxides Since 1994	2-7
2.4	China Mining Quota By Company	2-13
2.5	China Rare Earth Oxide Exports By Destination	2-14
2.6	China Rare Earth Metal Exports By Destination	2-15
2.7	China's Rare-Earth Exports	2-16
3.1	U.S. Distribution Of Refined Rare Earth Products	3-6
3.2	Rare-Earth Price Index	3-8
3.3	Comparison Of Rare Earth Consumption Between	
	China And The World	3-14
3.4	Global Supply-Demand Forecast	3-17
3.5	REE Demand By Volume	3-18
3.6	REE Demand By Value	3-19
3.7	REE Applications Global	3-20
3.8	REE Applications U.S.	3-21
3.9	REE Composition By End Use	3-24
3.10	Approximate % Content Of Current And Prospective Ores	3-25
4.1	Application Market Share by Volume	4-3
4.2	High-Performance Magnet Share by Application	4-6
4.3	High-Performance Magnet Share by Application - 2030	4-7
4.4	Illustration of MOSFET and Gate Oxide	4-11
4.5	STI CMP Using Ceria	4-15
4.6	Hafnium Demand for Semiconductors	4-18
4.7	HDD Drive and Neo Magnets	4-22
4.8	REE Usage in Phosphors	4-35
4.9	Scattered Photon Extraction white LED	4-36
4.10	Supply Chain for Fluorescent Lighting	4-40

4.11	EV Rare Earths Applications	4-46
4.12	Wind Turbine Motor	4-48
4.13	Supply Chain for Permanent Magnets	4-50
4.14	Catalytic Converter for Automobiles	4-52
5.1	Global Rare Earth Reserves	5-6
6.1	Supply Of Strategic Metals To The European Union	6-4
